

System i Integration

Bringing Applications Together

As a premier provider of integration solutions for the System i, FusionWare Integration Corp. has enabled System i customers to integrate their line of business (LOB) systems with a number of different systems over the years. Below is a partial list with highlights of some of the systems that we can help you integrate your System i with:

- ✓ Web Servers
 - IIS – all versions
 - Apache
 - WebSphere
- ✓ Web Portals/Collaboration Platforms
 - SharePoint
 - Lotus Notes
 - osCommerce (Web Store)
- ✓ Applications
 - Compuware ChangePoint
 - Oracle Applications
 - Microsoft Dynamics CRM
- ✓ Standards
 - AS2 (EDI over http/https)
 - XBRL
 - HL7
- ✓ Compliance
 - Archival storage on commodity hardware and OS.

“With our years of experience, if you can name it, we can probably make it work!”
